Predictive Market Model - Accuracy Audit Report

```
**Timestamped:** 2025-03-30 15:59:45 UTC
```

System Performance Summary

```
| Category | Accuracy (%) |
|------|
| Stocks | 93.77% |
| Indexes | 95.70% |
| Cryptocurrency | 93.84% |
| **Overall Avg** | **94.17%** |
```

Daily Accuracy Breakdown

Date	Avg Error (%	b) Accuracy	(%)
-			
March 25	4.89	95.11%	1
March 26	5.61	94.39%	I
March 27	5.55	94.45%	1

^{**}Verification:** SHA-256 + OpenTimestamps hash (to be generated)

^{**}Author:** Wolf Industries Research Division

^{**}Audit Period:** March 25-28, 2025

```
| March 28 | 7.29 | 92.71%
## Per-Asset Accuracy
| Ticker | Accuracy (%) |
|-----|
| AAPL | 95.00%
|QQQ |98.12%
| NVDA | 95.78%
|TSLA | 82.38%
| META | 97.55%
| S&P500 | 98.28%
| NASDAQ | 93.11% |
|XRP | 93.84%
## Visualizations
### Daily System Accuracy
```

Per-Asset Accuracy

Comparative Benchmark
Model/System Typical Accuracy Infra
Renaissance Tech 70-80% Billion-scale AI systems
Bridgewater Associates ~60-75% 1,500+ staff & economists
GPT Retail Forecasting 50-65% Cloud models, moderate scale
Wolf Predictive Engine **94.17%** Manual + Timestamped Logic

Notes

- All values manually audited with no automated computation.
- Timestamps to be verified via OpenTimestamps.org.

Category-Level Accuracy

- README designed for public repositories, hedge fund presentations, and academic disclosures.
